Embed Films on Demand Video into Canvas

Step 1: Find a video in Films on Demand.

1. Go to the Library’s homepage (http://missioncollege.edu/lib/).
2. Click on Research Databases from the menu.
3. Click on Films on Demand under Films & eBooks (if you are off campus you will be prompted for your name and Mission ID number).
4. Type your search terms into the search box at the top of the screen.
5. Click on Search.
6. Click on a title to view the film or segment.

Step 2: Get the embed code

7. Click on the Embed/Link
8. Choose a video size (medium works well)
9. Copy the embed code from the Embed Code box.
Step 3: Add embed code into Canvas

10. In Canvas, navigate to the Page, Assignment, Announcement, etc. to which you want to add the video. In Edit mode, click into the text box and type the information you want to appear before the video, then place your cursor where you want the video to appear.

11. Click on the **HTML Editor** link at the top right of the Toolbar.

12. The HTML Editor version of the text box will appear. Click into the box and either use the keyboard command or right click to paste the embed code into the box.

13. Find the URL in the embed code – it starts with https:

   https://0-digital.films.com.library.wvm.edu/

14. Delete the 0- and the following string .library.wvm.edu from the domain name:

   https://0-digital.films.com.library.wvm.edu/

The domain name should now look like this: https://digital.films.com/

15. Click on **Save** and verify that you can see and play the video.
