MISSION COLLEGE SUCCESS STORIES

Soulmaz Brazil
Mission Fire Tech
Grad 2004
City of Santa Clara
Fire Department

"I am a Deputy Fire Marshal with the City of Santa Clara Fire Department. In addition to earning a degree, that enabled me to gain knowledge about the fire service as a whole, I learned about the Emergency Medical Service and fire suppression side as well as the fire prevention side. Mission College is the place that got me passionate and allowed me to learn about fire prevention. Obtaining a Fire Science degree gave me a great foundation to enter the fire service and thrive in it."

Jonathan Soto
Mission Nursing
Grad 2017
U.S. Navy, 8 years
Iraq Veteran

Jonathan Soto went from the U.S. Navy, where he served in Iraq, to a graduate of Mission College's nursing program. He quickly found a place in our VALOR Veteran's Center, telling us it was a "wonderful place just to see a friendly face. I don't have to know the person, but by saying "hi" to a fellow veteran, it seems like saying "hello" to an old family member." The school's nursing program makes you the "best nurse that you can be" and that "I'm very proud to tell people I got my ADN from Mission College."

MISSION IN THE COMMUNITY

SECOND HARVEST FOOD BANK
